

STAR FLEET ALERT

5 APRIL 2010

19 APRIL RELEASES!

ROMULAN ARMADA

The Next Invasion

Expanding our *Starmada* line, the Romulans invade the Federation. This includes rules to bring 40 Romulan, Gorn, and Federation ships into the popular *Starmada* game system, along with plasma torpedoes, cloaking devices, and those sneaky Romulan privateers.

SKU #6102, \$16.95

SQUADRON BOX #27

New Ships!

Completing the ships from the popular *Hydran Attack* module, this new squadron box includes five important ships: Hydran Lancer destroyer, the never-seen-before Pegasus multi-mission cruiser, and the Hunter frigate, the WYN auxiliary cruiser, & Kzinti FFK frigate.

SKU #4327, \$34.95

KLINGON B9 FAST BATTLESHIP

Sleeker than the massive B10 battleship, the B9 is the racehorse of the breed. Over 20% faster and just as mean, it truly embodies the idea that it can destroy any ship able to catch it. It can catch any

ship, and can easily destroy anything but a true battleship (and even give those a heck of a fight). And it's following *YOU!*

SKU #0385, \$19.95

PEGASUS

One of the strangest of Hydran ships, this hull type was used as the basis of many different designs, including a cruiser, a carrier, a scout, a survey ship, a gunboat tender, a commando ship, and even a police traffic control headquarters ship. And now, you can use it to complete your Hydran fleet.

\$9.95 SKU #0912.
