

STAR FLEET ALERT

17 AUGUST 2010

RELEASE DATE SET

PRIME DIRECTIVE FEDERATION

SKU 8722
\$24.95

Those annoying do-gooders of the galaxy are here! Planetary surveys, starships, colonial development, new species templates, and more.

You have heard us announce the long-awaited "*FEDERATION*" books for our RPGs too many times. Players ask us about them *every day*. We swore we would not "announce" this book again until we had a date we could stick to. Our new RPG line editor (Jean Sexton) has completed *Federation*, the book is 90% laid out, the remaining text files are in hand, and we're just waiting for the final pieces of art. This book is worth the wait.

This is the PD20-Modern version. As soon as it's on the printer, we will replace the PD20M stats with GURPS stats and send the result to Steve Jackson Games. When we have their approval, we will set a date for the GURPS version. While we don't think that's going to be long, we won't set a date until we know.
