Roadblock Overcome

This issue is a lot later than we wanted or expected it to be. Steve Cole suffered from a series of health issues (see page 94) which prevented him from working anywhere near normal hours during much of 2017 and 2018. In January of 2019 a calculated risk surgery restored him to health (and caused him to lose 100 pounds by the time this issue went to press). He is walking a mile a day, taking yoga lessons once a week, and is no longer diabetic. Steve has publicly apologized to everyone that his poor eating choices disrupted the schedule.

The road to the future is again open. New products, delayed by Steve’s health issues, will appear every month for the rest of this year.
