Notes: This is a first-pass attempt to combine and format the data from Prime Directive.

Ultimately, I want to include more notes, such as SFB and FC scenario numbers where applicable.

I am trying to standardize the terminology. Major/Minor planet/system should only be used to refer to planets marked that way on the F&E map. The others are colonies or minor colonies.

Where data is known, colonies may be sub-categorized as mining, agricultural, or whatever.

Anybody with an F&E LSM is welcome to provide data from that map via the BBS topic.

Products included: CL:#14, #28, #33-#39; FCB1, BCB2, FCKA, FCOA, FCRA, RCRB; Nexus #2, #4, #7-#8; Prime Directive, Klingons, Romulans, Alpha; SFB Modules C2, D3, M, R9, R11, X1R, S1-S2, Y1-Y2
SFT #1-#3, #34, #36-#38, #40-#43

Those who have helped: Jean Sexton, Ryan Opel, Xander Fulton, Terry O'Carroll

There is a BBS topic where you can input data to improve this Gazetteer.

Please review the instructions before posting in that BBS topic.
