NOTES

‡ = Correct value; ship card is wrong.

N = A ship printed in Communique as a "new" ship has this mark in the communique column.

This listing does not include Early Years or Middle Years ships, which have a separate MSC.

The various color blocks on this listing are an internal system to keep track of what has been in Communique.

Yellow was in Communique, gold was in Communique in large format, purple needs to be in Communique.

Ships in Green are Middle Years ships that could be used in the General War era

Ships in Blue are in future boosters, card may not be available yet.
